

## BOXES OF FLOWERS TO BE SENT TO HOMES BY ELKS

Ogden lodge No. 719, R. P. O. Elks tomorrow will send to the family of each departed member a box of flowers, together with an invitation to attend the annual memorial services to be held in the lodge room at 3 o'clock Sunday afternoon.

Arthur W. Moulton, Episcopal bishop of Utah, will deliver the memorial day oration. Judge A. E. Pratt of Ogden will be another speaker.

Several of the city's talented vocalists will furnish the musical numbers.

J. H. Knapp, chairman of the Memorial day committee, emphasized today that the lodge is desirous of having the general public attend the exercises.

## In Jail Four Days; Negro Is Fined \$6

Le Roy Williams, colored, who reported having been robbed to the police station four days ago, and who was arrested on a charge of gambling together with the three men whom he accused of robbery, received a sentence of \$6 or six days this morning when he appeared before Acting Judge Jesse Holther in the city court. Williams was not given the usual sentence, which in the majority of cases is a multiple of five. The reason for the "odd" sentence was that Williams had already served four days in the city jail while awaiting trial.

It is alleged that the three offenders who were jailed with Williams on gambling charges, paid their bail with money which Williams claims was won from him in a "crap" game.

## Beg Your Pardon

In publishing a story yesterday of the arrest of Will Russ, Mrs. Evelyn Nerdan and May Lawson, the Standard-Examiner was misinformed concerning the place of arrest. It was stated that the arrest was made at the Brigham hotel, but according to the police the three were taken into custody at the Grant hotel.

Russ gave his address as 272 Twenty-second street. This is the number of the residence of T. H. Shipley. Mr. Shipley said today that Russ does not live at that address.

Information of the arrest was furnished to the Standard-Examiner by the juvenile court authorities.

## Package of Railroad Torpedoes Picked Up

Thirteen torpedoes, of the type used on railroads for signaling purposes, were found in the City Hall park this morning. The torpedoes had apparently been stolen from the railroad by juveniles and left in the park. They were turned over to the police.

It is reported that the local railway offices have received numerous reports of thefts of torpedoes and fuses from trains in the area recently.

One-sixth of the world's known coal resources are said to be in Drumheller Valley, 80 miles east of Calgary, Alberta.
